

Alabaré Plymouth Home for Veterans

Alabaré's Plymouth Home for Veterans is a supported housing programme for ex-Service personnel who are homeless and have a range of support needs.

Mission

To provide supported accommodation for up to 7 veterans with low support needs in a responsive and safe environment enabling them to make life changes and develop so that they are able to move on to successful independent living.

Location

The home in Plymouth is within easy walking distance of the city centre. Local leisure opportunities include a leisure centre and cinema, and training courses are available through the local Learn Direct Centre and College.

Staff

The project is staffed 75 hours per week with staff on site between 9am and 5pm. Between 5pm and 9am there is a duty on call system. Alabaré has been an Investor in People since 2001.

Aims

- To enable residents to have the skills and confidence to move on to sustainable independent accommodation.
- To enable residents to build constructive and positive relationships within the wider community.
- To encourage an awareness of personal responsibility around budgeting, safety and security.
- To enable residents to enjoy, identify and pursue their aspirations through training, education, employment and hobbies thus increasing their confidence and self worth.
- To increase awareness around physical and mental wellbeing and enable service users to access appropriate health and mental welfare services.

Eligibility and referrals

Referrals are accepted from local support agencies, other charities, The Royal British Legion, local prisons, and self referrals. All residents must have served in the British Armed Forces. They must be homeless or be in insecure accommodation, have support needs and be willing to engage with the support on offer.

Personal Support Plans

All residents are allocated a key worker and together agree a support plan based on a thorough assessment of their individual needs. Staff signpost residents to appropriate agencies, including counselling services, drug & alcohol agencies and support groups, CAB and NHS services.

Length of stay

Average stay is 6 to 8 months; max stay is 2 years including move-on accommodation.

Facilities

Residents have their own bedroom and shared facilities include a residents' lounge with TV, digital box and DVDs, dining room and kitchen.

Training

Training in budgeting skills, and access to Home & Money course if required.

Policies

- Licence agreement to be signed on acceptance.
