

Field Kitchen

Serving something to be proud of.

A social enterprise supporting vulnerable Veterans who have faced the despair of homelessness.

Established by Alabaré Christian Care & Support, to support Homes for Veterans, this initiative supports veterans as they make their way back into work and civilian life.

Field Kitchen supports veterans who may have faced extreme challenges since leaving service. The enterprise offers them the chance to prepare, cook and serve incredible streetfood including wood-fired pizza and great fresh coffee.

Veterans often face many challenges during the transition from the Military into civilian life, and we support them to overcome their physical and mental health issues. Veterans involved with Field Kitchen are supported to help them gain the skills, resilience and self-motivation to make positive life choices and engage as productive and fulfilled citizens.
